

Aircraft Maintenance & Engineering Directory

The *Aircraft Maintenance & Engineering Directory* is the definitive industry guide to aviation maintenance, repair and overhaul, used as a reference tool by maintenance professionals worldwide. It contains a report on MRO developments and essential industry data. Now in its 21st year, it is the most comprehensive source of information on MRO facilities worldwide.

DOWNLOADABLE AVIATION DATA gives subscribers instant access to NAMES, ADDRESSES and CONTACT NUMBERS of the people you need to talk to across the entire aviation industry. Constantly updated, the **ATP directory** is an invaluable marketing tool for everyone in the aviation industry.

CIRCULATION AND DISTRIBUTION

The *Aircraft Maintenance & Engineering Directory* has a worldwide circulation of over 3,500 copies to senior executives with decision-making responsibilities within all major international and regional airlines and other aircraft operators.

PROFILE PACKAGES AND ADVERTISING OPPORTUNITIES

Advertisers can showcase their company with profile packages in the Third-Party Maintenance Providers and Industry Suppliers sections. This effective marketing platform allows potential customers to see what your company has to offer just as they are looking for particular products or services. Make your business stand out – contact us for your campaign requirements.

FULL-PAGE Profile + Advertisement £*
(includes logo + listing)

HALF-PAGE PROFILE + Advertisement £*
(includes logo + listing)

Logo and highlighted listing – £*

Using a logo to highlight a listing raises your company's profile and draws the reader's eye directly to your contact information. With your company's entry also coloured to distinguish it from other listings, this marketing opportunity offers exceptional value for money.
